

**Your World.
Manufactured
Your Way.**

titanworldwide.com

Established in 2005, Titan Worldwide is a global leader in manufacturing innovation. We create custom manufacturing solutions for industrial, commercial and residential challenges.

From design and engineering to manufacturing and installation, Titan can deliver end-to-end services on any project. We specialize in manufacturing industrial cylinders, hydraulic and pneumatic products, parking systems and heavy equipment for companies across Canada and around the world.

Capabilities

Titan Worldwide offers a range of services and technologies to solve everyday or challenging manufacturing needs. Our large and well-equipped Canadian shop can handle both simple and complex orders, in small or large quantities.

- Custom Design & Engineering
- Prototyping & Testing
- Manufacturing
- Machining
- Fabricating
- Installation
- Service & Repairs

Your World. Manufactured Your Way.

Titan Solutions

Our team always goes to great lengths to ensure that customers' requirements are met on time, on quality and on budget. We are constantly investing in new technologies to provide industry leading products in small quantities or large production batches.

Industrial Cylinders

Delivering high-quality industrial cylinders is the core of our business. At Titan, we design and manufacture custom cylinders in-house for a range of worldwide industries. We also resell and repair a full complement of cylinders by renowned manufacturers.

Industrial Hydraulics & Pneumatics

We manufacture and sell a full inventory of hydraulic and pneumatic systems, equipment and components. From hoses, fittings and connectors to valves, motors and controls, our skilled trades and technical team assist customers through system design, assembly, troubleshooting, repairs and after sales service.

Scissor Lifts

Titan Worldwide manufactures some of the best hydraulic scissor lifts to meet your material handling needs. Various height and platform combinations are available with each model, providing you with the flexibility in design and function to get the job done.

AUTOSPACE
CAR LIFT SYSTEMS

Car Lift & Parking Systems

Titan is renowned for the design, engineering and building of the world's most innovative car lift and parking systems. We supply car lifts and parking systems to industrial, commercial and residential customers across North America and beyond. Autospace is our latest dual platform parking lift and stacking system, custom-designed for home or commercial spaces.

Material Handling Equipment

We provide a wide selection of material handling equipment for the movement, storage, control and protection of materials, goods and products. Our products include Lifts, Tilt Tables, Upenders, Dumpers and more.

Industrial, Commercial & Residential Sectors

Titan Worldwide has extensive experience across a wide range of sectors including:

- Manufacturing
- Oil & Gas
- Mining
- Forestry
- Automotive
- Construction
- Transport
- Aerospace
- Logistics
- Energy
- Utilities
- Hospitality
- Municipal
- Leisure
- Luxury Retail

Why Choose Titan?

World-Class

Made in Ontario but built for customers across Canada and internationally, our manufacturing products and services are always world-class.

Experience

Years of experience manufacturing for industry and commerce at home and overseas, with loyal customer relationships that span decades.

Innovation

We extend the boundaries of manufacturing by continually designing new product solutions for global challenges.

Can-Do Approach

No manufacturing challenge is too big or small for our experienced team. We ensure that projects are delivered on time and to maximum quality.
